

CLAIM 100. The wireless digital personal communications system of Claim 96 where the means for registration of the fixed terminal means includes a means for storing the fixed terminal feature profiles.

A  
concl.

CLAIM 101. The wireless digital personal communications system of Claim 96 where the means for registration of the fixed handset terminal means includes a means for storing the fixed terminal user profiles.

CLAIM 102. The wireless digital personal communications system of Claim 96 where the radio cell coverage area has a radius of less than 5,280 feet.

#### R E M A R K S

Following the filing of this patent application, Attorney for Applicant summarized the claim coverage for the Applicant in correspondence relating thereto. In a subsequent meeting with the Applicant, it was determined that further claim coverage would be advisable for a personal communications system consisting of only fixed terminals, rather than a combination of fixed and portable terminals, as described in the specification as filed on October 24, 1994.

No new matter has been added to this patent application

by virtue of this Preliminary Amendment. Since additional claims are added to this case by virtue of this Preliminary Amendment, incremental filing fees have been incurred and are accordingly paid by the check enclosed herewith.

It is respectfully requested that following the Patent Examiner's review and consideration, that this Preliminary Amendment be admitted for the instant patent application.

Attorney for Applicant is appreciative of the Examiner's efforts with respect to the favorable determination of allowable subject matter in the instant patent application. Should any questions arise, the Examiner is cordially invited to call the undersigned Attorney at his convenience.

Respectfully submitted,

Thomas B. Lindgren
